

Fact 4:

Bright people with outstanding language, finance and IT skills

Estonia possesses a skilled workforce with strong competences in languages, finance and IT. Estonian workers are also recognised for their commitment and value added, **ranking #8 for Pay & Productivity** in the Global Competitiveness Report.

Following recent reforms, Estonia also **benefits from a highly efficient labour market with flexible regulations and low levels of unionisation.**

#8

Ranking #8 for Pay & Productivity in the Global Competitiveness Report.
